

## Fake Currency Compilation System

### Procedure for Denomination Excel Upload

The Excel file you are going to upload should be related to the current Bank Reference No. only (i.e. each case will have its own denomination file in excel format).

**The Data Should be available in Sheet1.**

It should have the columns strictly in the sequence given below:

**SLNO**

**CURRENCY\_TYPE**

**DENOMINATION**

**QUANTITY**

**AMOUNT**

**SERIES**

**NOTE\_NUMBER**

**DATE\_OF\_DETECTION**

**PLACE\_OF\_DETECTION**

**SOURCE\_OF\_DETECTION**

**WATERMARK\_AVAILABLE**

**CURRENCY\_DESIGN**

**PRE\_2005\_NOTE**

**SECURITY\_THREAD**

**QUALITY**

SLNO	Currency Type	Denomination	Quantity	Amount	Series	Note Number	Date of Detection	Place of Detection	Source of Detection	Watermark Available	Currency Design	Pre 2005 Note	Security Thread	Quality
712	Note	500	1	500	3NE	935586	02/01/2016	00DCC	By Bank		NGWM	NO		High
713	Note	100	1	100	3NE	935586	02/01/2016	00DCC	By Bank		NGWM	NO		High
714	Note	1000	1	1000	SAR	928223	16/01/2016	00DCC	By Bank		NGWM	NO		High
715	Note	1000	1	1000	1BU	758192	30/01/2016	00DCC	By Bank	YES	NGWM	NO	NO	Low

SLNO: Numeric 1,2,3,4,5.....etc.

CURRENCY\_TYPE: Note and Coin etc.

DENOMINATION: 100, 500, 1000 etc.

QUANTITY: Only Numeric

AMOUNT: Amount

SERIES: Alphanumeric

NOTE\_NUMBER: Numeric

DATE\_OF\_DETECTION: Date in dd/mm/yyyy format

PLACE\_OF\_DETECTION: Alphanumeric. Sole id of the bank branch or currency chest

SOURCE\_OF\_DETECTION: Enter the source of detection.

WATERMARK\_AVAILABLE: Alphanumeric. Yes/No in same column (it should not be depicted in two columns)

CURRENCY\_DESIGN: Alphanumeric. Option APWM/MGWM in same column (it should not be depicted in two columns)

PRE\_2005\_NOTE: Alphanumeric. Yes/No in same column (it should not be depicted in two columns)

SECURITY\_THREAD: Alphanumeric. Yes/No in same column (it should not be depicted in two columns)

QUALITY: High, Low.

Any deviation from the above format may reject the entire file or few records based on the entry made by you in excel file. If any partial entry is uploaded then the remaining can be added manually by you using the Denomination Data Entry option for the same reference No.

You can check the uploaded data by using the Denomination Data Entry option/ Show Button.
